Fall in love with another era. This darling 1925 split-level blends Craftsman and Spanish influences with vintage Spanish Revival light fixtures, hardwood floors, and an Arts and Crafts relief tile fireplace. An arched entry and covered porch welcome you home, while a breakfast nook, upstairs bedroom, and fenced backyard offer spaces to make your own. The kitchen and bathroom await renovation—a chance to pair period-inspired finishes with everyday comforts. Bring your vision, a little elbow grease, and a soft spot for old homes.
